

The Bike Project

*Providing an on-site, same day and affordable bike repair service.
All of the profits (100%) are reinvested into the charitable arm of The Bike Project.*

What do we do?

The Bike Project offers a professional mobile repair service specifically designed for business in that we:

1. Offer a same day service
2. Come to your office requiring as little as one car park space
3. Are competitively priced using experienced and highly qualified mechanics.

Our unique identity

As well as providing a repair service, The Bike Project is a registered charity which fixes and donates second hand bicycles for London based refugees, allowing them access to resources that can lift them out of poverty. ALL of our profits are reinvested into the charitable side of The Bike Project (www.thebikeproject.co.uk)

What services are on offer?

The client drops their bike off in the morning and comes and collects it in the evening.

1. Basic Service: - £30 (excluding parts):
 - Check, adjust, and lubricate brakes and gears.
 - Highlight any safety issues with the bike.
 - A full clean for the bike.
2. Gold Service: - £50 (excluding parts):
 - Includes basic service plus:
 - Check, adjust and replace (if necessary) gear cables, break cables, break pads, tires, inner tubes and chains set.
 - Wheel service, including wheel truing and cone adjustment.

Alternatively, each firm can pay for full gold servicing at a cost of £899 which covers up to 20 bikes per day or basic servicing at a cost of £600 which covers up to 50 bikes per day.

Healthy bikes make for healthy cycling!
